BILLING POLICY Required Form

Diagnostic evaluations are scheduled for three-hour time slots and billed at a flat rate (call for Fee Schedule). **Full payment is due at the time of the appointment.** Cancellations must be made more than 24 hours in advance of the scheduled testing date. Clients who cancel diagnostic appointments with less than 24 hours notice will be billed a \$75.00 fee.

Speech therapy fees are billed on a semester basis and are calculated based on the number of sessions per week multiplied by the weeks of service. Your appointment days and times are reserved for the entire semester. Full payment is due on or before the first day of therapy unless specific alternate arrangements are made with the clinic office manager or clinic director.

Cancellations: Clients are responsible for paying for every scheduled session. Any sessions cancelled by clients (whether for vacation or illness) are not subtracted from the semester bill. Attempts will be made to arrange make-up sessions at times mutually convenient to both the client and clinician. However, if a make-up session cannot be scheduled, the client will be billed for the cancelled session.

If your clinician cancels a session for any reason or the University of Maryland in College Park closed for severe weather conditions, it is the clinician's responsibility to provide a make-up session. If a mutually convenient date is not available, then the clinic will refund the charge for that therapy session.

Insurance: We cannot see anyone who has Medicare Part B. We maintain a list of therapists that take Medicare and can refer you to a participating provider.

Our clinic does not participate with any insurance plan. We cannot bill your insurance. Payment is expected at the time that services are provided.

Clients can request that their insurance company reimburse them directly. We cannot guarantee that any of our services are eligible for coverage and reimbursement from your insurance plan. We will provide you with a receipt at the end of your visit (or the semester for Speech clients) with diagnosis codes and service codes for you to submit to your insurance company on your own. If the insurance company sends a direct payment to the clinic, we will return it to the insurance company to be re-issued, to refund the client.

Financial hardship: If you are experiencing financial hardship with payment of clinic fees, you may request consideration for a discount based on a sliding fee scale. Proof of income must be submitted to the clinic director in the form of the individuals'/family's most recent federal tax return (U.S. tax Form 1040).

I read and understand the Clinic's billing policy
