

FAQs:

All clinical faculty are certified by the American Speech-Language-Hearing Association and licensed by the state of Maryland. Several are nationally known for their expertise.

All services are provided by graduate students in the Department of Hearing & Speech Sciences. Supervision by clinical faculty is conducted at 100% for diagnostic sessions and at 40-90% for therapy sessions.

Fees are charged at the following basic rates: \$300/diagnostic; \$50/hr therapy. UMCP students receive 50% discount on services and faculty staff receive 20% discount.

ISSUES/DISORDERS

- Language-learning disabilities (including executive function)
- Concussion/traumatic brain injury (communication, focus, study skills, reading comprehension, etc)
- Stuttering
- Autism Spectrum Disorder (campus students)
- Hearing Loss
- Voice problems (e.g. vocal nodules, gender transition, etc)

EVALUATION AND DIAGNOSIS

- Testing protocols tailored to individual needs
- Recommendations for treatment and academic/environmental accommodations
- Comprehensive written reports
- All information is treated as confidential
- Three-hour testing slots available

TREATMENT/THERAPY

- Individual 50-minute sessions with initial treatment plan
- Small and large group sessions with initial treatment plan
- Semester progress reports and periodic follow-up after discharge
